Dr. Samuel J. ~~Ail~~  
Vice President for Research  
The National Foundation-March of Dimes  
1275 Mamaroneck Avenue  
White Plains, New York 10605

Dear Sam:

I did not want to lose the occasion of communicating with you to say that I hope to see you before very long, about the various programs at The Rockefeller University which the National Foundation is already supporting; and perhaps still other opportunities that we might be able to mount in the future. I hardly need to tell you the kind of priority emphasis that I would give to the domains of mutual interest for whatever room of extension or change becomes available. I am very much in a transition state between now and September 1 but would be glad to hear from you at any time if you had any thoughts of your own in that direction. In any case, I surely will be making further personal contact with you after I move to New York approximately September 1.

Yours sincerely,

JL/gel
